

UT Health Science Center: AA120-H Recognition of Accreditors	
Version 1	Publication Date: 05/26/2022

No./Title: AA120 – Recognition of Accreditors	Resp. Office: Academic Affairs Approval Body: CASA	Effective Date: 7/1/2020
Category: Academic	Last Review: 7/7/2020	Next Review: 7/7/2023
Contact: MaryAnn Clark, Associate Vice Chancellor for Academic Affairs	 901.448.1290	 mclark79@uthsc.edu

POLICY

The University of Tennessee Health Science Center requires all prerequisite courses, transfer course credits, and degrees (where applicable) from US higher education institutions be awarded from an institution accredited by one of the following accreditors:

- Higher Learning Commission
- Middle States Commission on Higher Education
- New England Commissions of Higher Education
- Northwest Commission on Colleges and Universities
- Southern Association of Colleges and Schools, Commission on Colleges
- WASC Accrediting Commission for Community or Junior Colleges
- WASC Senior Colleges and University Commission

All prerequisite courses, transfer course credits, and degrees (where applicable) from international institutions must be evaluated by an approved equivalency agency.

RATIONAL AND EXPLANATION

Effective July 1, 2020, the Department of Education regulations have removed geography from an accrediting agency’s scope. Instead of distinguishing between regional and national accrediting agencies, the Department will distinguish only between institutional and programmatic accrediting agencies. The Department will no longer use the terms “regional” or “national” to refer to an accrediting agency. In order to provide clarity for current and potential students, UTHSC specifies the level of accreditation or review required for all transfer, prerequisite and degrees (where applicable).

APPROVAL HISTORY

Effective: July 1, 2020, Committee on Academic and Student Affairs (CASA)
Reviewed/Approved: July 7, 2020, CASA
