Supplement Number One supplements the university's official travel policy and provides for certain unique travel needs of intercollegiate athletics.

Authorization for travel will not be granted and expenses will not be reimbursed unless the travel is made and reimbursement is claimed in accordance with the university's official travel policy and the provisions provided in this Supplement.

1. **GENERAL POLICY:**

   A. Travel provisions in this Supplement apply to staff members of the university’s athletic departments.

   B. The Athletic Director (AD) or their designee must approve all expense reimbursement requests submitted under the provisions of this Supplement. The AD must provide a current list of authorized designee(s) to their Campus Business Officer (CBO) as necessary but no less frequent than on an annual basis.

   C. Athletic department staff engaged in recruiting are authorized to operate within the limits of NCAA regulations and/or appropriate athletic conference expenditure regulations. The AD may authorize the reimbursement of actual expenses incurred. The following limitations must be observed when granting such approval.

   1. **Lodging:** Actual expenses may be claimed for lodging.

   2. **Meals:** When claiming expenses for meals in excess of the meal allowances as set forth in the Official Travel Policy, an original/detailed receipt must be submitted in support of the request for reimbursement. A guest(s) must be present when claiming meal expenses in excess of the allowance.
3. **Game Receipts**: If receipts for admission to games for scouting or recruiting purposes are not available, the request for reimbursement must contain a detailed list of the games, dates, and cost of each ticket.

4. **Car Services**: Car services to transport recruits are permissible, if allowable under NCAA regulations. For coaches and staff, the use of a private sedan or car service will be reimbursed only if the cost is less than other available modes of transportation or if a valid business reason precludes the use of a more economical mode of transportation. The business reason must be attached and the expense must be treated as an exception thereby requiring the approval of the CBO. The rental of a stretch limousines is prohibited.

D. The CBO or their designee must approve travel expenses in advance for guests/spouses of athletic department staff. A copy of the approval must be attached to the travel reimbursement request. Spouses (or an invited guest in lieu of a spouse) of coaches and other members of the athletic department staff are eligible to travel to one away trip each season exclusive of post-season travel. Such travel is to be handled in accordance with the procedures followed for team travel under Section Two below. A copy of the approval must be attached to the travel reimbursement.

E. Employment contract terms override the terms of this Supplement.

2. **TEAM TRAVEL** The authorization for team travel should be in the name of the staff member or coach who pays all expenses and requests reimbursement on a single expense report.

A. When it is necessary to distribute meal allowances to team members, coaches, and other staff members, the AD or designee will determine the amount for each meal, which may be less than the rate used to reimburse employees. The amounts, however, cannot exceed the allowances paid to employees and any deductions for group meals that are provided must correspond to the university’s travel policy. To document the amount distributed, the employee responsible for distributing the meal allowance must submit a roster that contains the names and signatures, and dollar amount distributed by date/meal for each individual who received a meal allowance. A roster is not required if the funds are distributed using the pre-paid debt card program, since the amount distributed and dates are recorded in the system.

When band members, cheerleaders, and other students representing the university are considered a part of the team, the AD or designee will determine, in advance of a trip, their daily meal allowance, which will be subject to the same guidelines listed above for the team.

B. Receipts are required to support expenses incurred for lodging, meeting rooms, pre-game and post-game meals, snacks (in addition to regular meals) and other incidental expenses allowed by NCAA guidelines when such expenses are deemed appropriate by the AD. Receipts are also required for other miscellaneous expenses,
including, but is not limited to, baggage handling, and tips to bus drivers, police escorts.

When it is not possible to get a receipt, a copy of Attachment A or another document that contains this same information can be used to document the expenditure. The document must be signed by the individual receiving the payment and two university employees.

C. If permissible by the NCAA, travel expenses for student-athletes to travel home during academic breaks and return to campus for required practice/competition is permissible. These expenses must comply with NCAA regulations.

D. If approved by the treasurer’s office and the campus CBO, the athletic department may issue travel advances from their department instead of following the travel advance requirements of F10705 Travel

3. **ENTERTAINMENT**

The AD may approve entertainment expenses by members of their professional staff up to $1,000 per event. Payments exceeding this amount must be approved by the campus CBO or their designee.

4. **MILEAGE RATE FOR COURTESY AUTOMOBILES**

The Standard Mileage Rate for university employees is intended to compensate them for gasoline used plus depreciation, insurance and maintenance expenses that will be incurred as a result of using their vehicle for university business. Since employee’s assigned courtesy automobiles or receiving vehicle allowances are not incurring some of these expenses, these employees will be reimbursed at the General Services Administration’s rate for Government Furnished Automobiles.
